

Belen Library

Client

Belen

Completion

2007

Size

6,375 Square Foot Addition

Cost

\$2.5 million

Molzen Corbin designed the original City of Belen public library and its subsequent remodel/addition. Today the library has been reinvented as a community gathering place with a state-of-the-art meeting facility, outdoor reading areas, a teen room that provides Internet access in a safe and supervised environment and a toddler room with toddler-sized furniture and age-appropriate books.

Scope of Work

Architecture, Landscaping, Electrical Engineering, Site Development
