

Daniel Fernandez Park & Multi-Purpose Recreational Facility

Client

Los Lunas

Completion

2006

Size

18.9 Acres

Cost

\$516,058

The Molzen Corbin-designed Daniel Fernandez Park is home to both outdoor recreational sports as well as the Daniel Fernandez Multi-Purpose Community Center. The park includes softball and soccer fields, volleyball and tennis courts, outdoor restrooms, picnic shelters, pathways, and parking. The Multi-Purpose Community Center is a public recreational facility that includes an indoor basketball court, a weight room, and group exercise rooms, as well as locker rooms and showers. The center is also home to meeting and instructional space and a computer lab.

Scope of Work

Architecture, Landscaping, Master Planning, Construction, Observation/Administration
