

UNM Football Indoor Practice Facility

Client

University of New Mexico

Completion

Size

89,856 Square Feet

Cost

\$5.3 Million

University of New Mexico's (UNM) Indoor Football Practice Facility, an 89,856-square-foot facility, is the first of its kind in New Mexico and one of only a handful nationwide, providing both the Lobos and the University with a new competitive edge. The professional-caliber facility is similar to those used by NFL teams and was built in only 4 months. Molzen Corbin provided architectural design services and site/civil development services.

Scope of Work

Architecture, Landscaping, Electrical Engineering, Site Development
